

COLOUR
MY WORLD

Life Drawing

Commencing in October at Colour My World, weekly life drawing workshops will be added to our array of artistic programmes provided in our spacious Aberdeen Marina studio. Two hour in-depth sessions are dedicated to young adults and adults who want to expand their drawing repertoire and improve their expressive mark making skills. Workshops alternate weekly between in-depth teaching workshops and self practice exploration sessions.

Join our life drawing sessions to explore and develop your observational drawing skills and understand the human form in an artistic manner. Using the language of art and design to translate and express the human figure, you will come away with a sketchbook of gestural sketches and various medium to large scale final drawings using wet and dry media. From volume and form, to movement and proportion, your drawing and observational skills will be stretched and refined to demonstrate knowledge and understanding of this original art form.

Time: Every Wednesday/Thursday evenings 7:00 - 9:00 pm.

Fees: \$450 per 2-hourly session inclusive of all materials - except for A3 sketch pad (which can be obtained from CMW at \$60/pc). This pad is for gestural prep drawings and self-practice outside of studio hours.
